Planned outage scheduled for your area

Dear Customer:

We are writing to inform you that we will be working in your neighborhood on Monday, June 22nd in order to make improvements to our electrical system.

For our crews to work safely, it will be necessary to interrupt your power for approximately 3 hours, **beginning at 9:00am until approximately 12:00pm. We regret any inconvenience this may cause and recognize our customers are spending more time at home, but this work is necessary for the company to continue to deliver safe and reliable service to you and your neighbors.**

The streets affected by this planned outage in the town(s) of North Adams and Clarksburg will include: 0-53 Belmar Dr, 25-51 Bridge St, 227 Franklin St, 107, 115, 125 McLagen Dr, 9 Middle Rd

In the event of inclement or extreme weather (above 90 degrees or below 20 degrees) or unexpected events on our system, our work will be rescheduled and performed instead on Wednesday, April 1st for the same time period. In the event of inclement weather on both days, our work will be scheduled on Tuesday, June 23rd for the same time period.

For additional information, please review the enclosed **Frequently Asked Questions sheet, enclosed**, or contact Customer Service at **1-800-322-3223**.

Again, thank you in advance for your cooperation and understanding as we work to provide safe, reliable electric service.
