This health plan meets Minimum Creditable Coverage Standards for Massachusetts residents that went into effect January 1, 2014, as part of the Massachusetts Health Care Reform Law.

YOUR CARE

Your Primary Care Provider (PCP)
When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**; consult Find a Doctor at **bluecrossma.com/findadoctor**; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals
Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Deductible
Your deductible is the amount of money you pay out-of-pocket each plan year before you can receive coverage for certain benefits under this plan. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your deductible is **$250** per member (or **$500** per family).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical benefits is **$2,500** per member (or **$5,000** per family). Your out-of-pocket maximum for prescription drug benefits is **$1,000** per member (or **$2,000** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). After meeting your deductible, you pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Value Care Offering Coverage
Your cost share may be waived for initial visits for designated in-person and telehealth office visits for certain outpatient services. These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; physical and/or occupational therapy services; or services rendered by a dietitian/nutritionist specialist. See your benefit description (and riders, if any) for exact coverage details.

Service Area
The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area
If you are traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, see www.emiia.org. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at bluecrossma.org/sbcglossary or call **1-800-782-3675** to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$250 member / $500 family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care, prenatal care, prescription drugs, most office visits, mental health services, emergency transportation, home health care, and hospice services.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For medical benefits, $2,500 member / $5,000 family; and for prescription drug benefits, $1,000 member / $2,000 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See bluecrossma.com/findadoctor or call the Member Service number on your ID card for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes.	This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

YOUR CARE

Your Primary Care Provider (PCP)
When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**; consult Find a Doctor at **bluecrossma.com/findadoctor**; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals
Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for copayments and coinsurance for covered services. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your out-of-pocket maximum for medical benefits is **$2,500** per member (or **$5,000** per family). Your out-of-pocket maximum for prescription drug benefits is **$1,000** per member (or **$2,000** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; physical and/or occupational therapy services; or services rendered by a dietitian/nutritionist specialist. When Outside the Service Area
If you are traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. YOUR CARE

Your Primary Care Provider (PCP)
When you enroll in this health plan, you must choose a primary care provider. Be sure to choose a PCP who can accept you and your family members and who participates in the network of providers in New England. For children, you may choose a participating network pediatrician as the PCP.

For a list of participating PCPs or OB/GYN physicians, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**; consult Find a Doctor at **bluecrossma.com/findadoctor**; or call the Member Service number on your ID card.

If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals
Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist, who is likely affiliated with your PCP's hospital or medical group.

You will not need prior authorization or referral to see an HMO Blue New England network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a plan year for copayments and coinsurance for covered services. If you are not sure when your plan year begins, contact Blue Cross Blue Shield of Massachusetts. Your out-of-pocket maximum for medical benefits is **$2,500** per member (or **$5,000** per family). Your out-of-pocket maximum for prescription drug benefits is **$1,000** per member (or **$2,000** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Value Care Offering Coverage
Your cost share may be waived for initial visits for designated in-person and telehealth office visits for certain outpatient services. These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; physical and/or occupational therapy services; or services rendered by a dietitian/nutritionist specialist. See your benefit description (and riders, if any) for exact coverage details.

Service Area
The plan's service area includes all cities and towns in the Commonwealth of Massachusetts, State of Rhode Island, State of Vermont, State of Connecticut, State of New Hampshire, and State of Maine.

When Outside the Service Area
If you are traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

YOUR CHOICE

When You Choose Preferred Providers
You receive the highest level of benefits under your health care plan when you obtain covered services from preferred providers. These are called your "in-network" benefits. See the charts for your cost share.

Note: If a preferred provider refers you to another provider for covered services (such as a lab or specialist), make sure the provider is a preferred provider in order to receive benefits at the in-network level. If the provider you use is not a preferred provider, you are still covered, but your benefits, in most situations, will be covered at the out-of-network level, even if the preferred provider refers you.

How to Find a Preferred Provider
To find a preferred provider:

- Look up a provider on Find a Doctor at **bluecrossma.com/findadoctor**. If you need a copy of your directory or help choosing a provider, call the Member Service number on your ID card.

- Visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**

When You Choose Non-Preferred Providers
You can also obtain covered services from non-preferred providers, but your out-of-pocket costs are higher. These are called your "out-of-network" benefits. See the charts for your cost share.

You must pay a calendar-year deductible before you can receive coverage for certain out-of-network benefits under this plan. The calendar-year deductible begins on January 1 and ends on December 31 of each year. Your deductible is **$250** per member (or **$500** per family).

Payments for out-of-network benefits are based on the Blue Cross Blue Shield allowed charge as defined in your benefit description. You may be responsible for any difference between the allowed charge and the provider's actual billed charge (this is in addition to your deductible and/or your coinsurance).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a calendar year for deductible, copayments, and coinsurance for covered services. Your out-of-pocket maximum for medical benefits is **$2,500** per member (or **$5,000** per family) for in-network and out-of-network services combined. Your out-of-pocket maximum for prescription drug benefits is **$1,000** per member (or **$2,000** per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for in-network or out-of-network emergency room services. The copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at **bluecrossma.org**, consult Find a Doctor, or call the Member Service number on your ID card.

Your Virtual Care Team
Your health plan includes an option for a tech-enabled primary care delivery model where virtual care team covered providers furnish certain covered services. See your benefit description (and riders, if any) for exact coverage details.

Value Care Offering Coverage
Your cost share may be waived for initial visits for designated in-person and telehealth office visits for certain outpatient services. These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; physical and/or occupational therapy services; or services rendered by a dietitian/nutritionist specialist. See your benefit description (and riders, if any) for exact coverage details.

Utilization Review Requirements
Certain services require **pre-approval/prior authorization** through Blue Cross Blue Shield of Massachusetts for you to have benefit coverage; this includes non-emergency and non-maternity hospitalization and may include certain outpatient services, therapies, procedures, and drugs. You should work with your health care provider to determine if pre-approval is required for any service your provider is suggesting. If your provider, or you, don't get pre-approval when it's required, your benefits will be denied, and you may be fully responsible for payment to the provider of the service. Refer to your benefit description for requirements and the process you should follow for Utilization Review, including Pre-Admission Review, Pre-Service Approval, Concurrent Review and Discharge Planning, and Individual Case Management.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

SAVING SHOULD ALWAYS BE THIS EASY

You shouldn't have to go out of your way to save money on medications. The Cost-Share Assistance Program provides financial assistance, using coupons from manufacturers of medication, to cover most or all of your out-of-pocket costs for eligible medications that you or your dependent may be taking. You don't have to change anything about your prescriptions to get these savings. You just need to be enrolled in the program.

HOW DO I OR MY DEPENDENT BECOME ENROLLED IN THE COST-SHARE ASSISTANCE PROGRAM?

There are two ways to be enrolled:

1. If you were already using coupons to help cover your costs for medications that you were taking before your plan year began, **you've been automatically enrolled in the program**. PillarRx Consulting, an independent company that administers the program, will call you to confirm your enrollment.

2. If you're not using coupons for an eligible medication at the beginning of your plan year, or you or your dependent start taking an eligible medication during the plan year, PillarRx will call you to discuss the program and help you enroll.

HOW THE PROGRAM WORKS

Fill your prescription

When you fill an eligible medication, a manufacturer's coupon will be automatically applied at checkout.

Enjoy instant savings

You'll pay $0 to $35, depending on the medication.

Get personalized, ongoing support

PillarRx checks your claims every month to make sure you're receiving the correct savings, and provides additional support as needed.

Your medication costs will be higher if you or your dependent isn't enrolled.

Enrollment in the Cost-Share Assistance Program is optional. However, **if you don't enroll in the program or decide to opt out of it, you'll be responsible for paying 30% of the full retail cost of eligible medications**.

Questions?

If you have any questions, call a PillarRx Care Team Coordinator at **1-636-614-3128** (TTY: **711**), Monday through Friday, 8:00 a.m. to 7:00 p.m. ET.

(Continued)

What is a manufacturer's coupon?

A manufacturer's coupon (also known as a copay card, copay coupon, copay assistance card, or manufacturer financial assistance) is part of the copay savings programs offered by manufacturers of medication to members with commercial health insurance.

How do I enroll myself or my dependent in the program?

If you or your dependent is taking an eligible medication, and you're not using a coupon to cover your costs, a Care Team Coordinator from PillarRx will call to talk to you about the program and walk you through the enrollment process. They'll also call you if you or your dependent start taking a new eligible medication. You can also call PillarRx directly at **1-636-614-3128** (TTY: **711**).

Do I need to enroll if I'm already using a manufacturer's coupon for an eligible medication?

No. If you're already using a manufacturer's coupon, **you'll be automatically enrolled in the program**. A Care Team Coordinator from PillarRx will call you to confirm your participation. They'll also ensure that you're paying the lowest possible cost for your medication. You can also call PillarRx directly at **1-636-614-3128** (TTY: **711**).

Am I required to be enrolled in the program?

No, enrollment is optional. However, **if you don't enroll yourself or your dependent in the program, or decide to opt out after being enrolled, your out-of-pocket costs for your medications will be higher because you'll be responsible for paying 30% of the cost of the eligible medications.**

What if I filled my eligible medication before I enrolled in the program?

If you've already filled an eligible medication and you're eligible for the program, call PillarRx at **1-636-614-3128** (TTY: **711**) to learn more about retroactive enrollment.

How does the program affect my out-of-pocket maximum?

Once you or your dependent is enrolled in the Cost-Share Assistance Program, your plan will apply only your *actual* out-of-pocket costs to your annual out-of-pocket maximum. For example, if you pay $10 for an eligible medication, only $10 will be applied to your annual out-of-pocket maximum.

How does the program affect my deductible?

If you have a Health Savings Account (HSA)-qualified "Saver" plan, or a plan with a deductible that applies to your pharmacy benefits, your plan will apply your out-of-pocket costs to your annual deductible as well as to your out-of-pocket maximum.[1] For example, if you pay $10 for an eligible medication, only $10 will be applied to both your out-of-pocket maximum and your deductible.

What happens if the manufacturer no longer offers financial assistance for my medication?

PillarRx will notify you that your medication is no longer eligible for this program. You'll then pay the standard cost share for this medication according to your pharmacy benefit. Check your Summary of Benefits or Schedule of Benefits for details.

Are there instances where I may not be able to sign up for the program?

Although most members can enroll, there may be specific instances that make you ineligible for the program, such as:

- You have or are eligible for government health insurance, such as Medicare or Medicaid.
- Your medication isn't approved by the Food and Drug Administration (FDA) to treat your condition.
- Your medication has specific age restrictions you don't meet.
- You use a secondary insurer in addition to Blue Cross to cover your plan's out-of-pocket costs.

If a manufacturer of medication determines that you're ineligible for the program, PillarRx's Care Team will ensure that your medication is covered, based on the standard cost-share amount that applies for all other covered medications and supplies as described in your Summary of Benefits, Schedule of Benefits, and/or riders. In this instance, you wouldn't be eligible for cost savings for your medication through this program.

See if your medication is eligible

To see a list of eligible medications:

1. Download the MyBlue app, or create an account at **bluecrossma.org**.
2. Once signed in, click **Cost-Share Assistance** under **My Medications**.
3. Select **See Eligible Medications**.

You can also call PillarRx Care at **1-636-614-3128** (TTY: **711**), Monday through Friday, 8:00 a.m. to 7:00 p.m. ET.

1. Exceptions may apply. Check your plan materials for details.

WELCOME TO DENTAL BLUE FREEDOM,

A DENTAL PLAN DESIGNED TO MANAGE THE COST OF DENTAL SERVICES.

Your Dentist
Dental Blue Freedom offers a large network of dentists, including participating dentists in Massachusetts and nationwide. When searching for a network dentist, Dental Blue Freedom members can choose from the Dental Blue PPO (Preferred Dentist) or Dental Blue (Participating Dentist) networks. Using a network dentist will minimize your out-of-pocket expenses.

If you would like help choosing a dentist, or already have a dentist and want to know if they participate with your plan, you can call the dentist, look at the current dental provider directory, or call Member Service at the toll-free phone number shown on your Dental Blue ID card. You can also access the online dental provider directory at **bluecrossma.org**.

Your Benefits
You will receive the greatest value if you visit a preferred dentist, because you will maximize the amount of benefits received under your plan.

The dental benefits your plan covers are subject to the calendar-year deductible and coinsurance (if applicable), and benefit maximum amounts shown in the chart. **For members under age 13, these benefits are covered in full up until the calendar-year benefit maximum.** The calendar year begins on January 1 and ends on December 31 of each year. The chart also shows the percentage of costs your plan will pay for covered dental services. Many of the covered services have specific time or age limits.

Pre-Treatment Estimates
If your dentist expects that your dental treatment will involve covered services that will cost more than $250, Blue Cross Blue Shield recommends that your dentist send a copy of the "treatment plan" to Blue Cross Blue Shield before services are provided. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charge for each service. Once the treatment plan is reviewed, you and your dentist will be notified of the benefits available.

Remember, the payment estimate is based on your eligibility status and the amount of your calendar-year benefit maximum at the time the estimate is received and reviewed. (The actual payment may differ if your available calendar-year benefit maximum or eligibility status has changed.)

Multi-Stage Procedures
Your dental plan provides benefits for multi-stage procedures (procedures that require more than one visit, such as crowns, dentures and root canals) as long as you are enrolled in the plan on the date that the multi-stage procedure is completed. A participating dentist will send a claim for a multi-stage procedure to Blue Cross Blue Shield only after the completion date of the procedure. You will be responsible for all charges for multi-stage procedures if your plan has been cancelled before the completion date of the procedure.

How Network Dentists Are Paid - Preferred Dentists
For dentists who have a preferred provider contract with Blue Cross Blue Shield, benefits are calculated based on the provisions of the preferred dentist's payment agreement and the dentist's allowed charge that is in effect at the time the covered dental service is provided. Preferred dentists agree to accept the allowed charge as payment in full. You pay your deductible and coinsurance (if applicable), and any allowed charges beyond your calendar-year benefit maximum.

How Network Dentists Are Paid - Participating Dentists
For dentists who participate with Blue Cross Blue Shield, but do not have a Blue Cross Blue Shield preferred provider contract, benefits are calculated at the same benefit level that applies when the same covered dental services are provided by a preferred dentist. These dentists agree to accept the allowed charge as payment in full. You pay your deductible and coinsurance (if applicable), and any allowed charges beyond your calendar-year benefit maximum.

How Out-of-Network Dentists Are Paid - Non-Preferred or Non-Participating Dentists
Benefits for covered services by a non-preferred or non-participating dentist are provided based on the allowed charge or the dentist's actual charge, whichever is less. The allowed charge is based on a schedule of charges. You may be responsible for any difference between the dentist's actual charge or the allowed charge, whichever is less. You are also responsible for your deductible and coinsurance (if applicable), and charges beyond your calendar-year benefit maximum.

When Coverage Begins
You are covered, without a waiting period, from the date you enroll in the plan.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your plan description (and riders, if any) for exact coverage details.

Accumulated Maximum Rollover Benefits
This dental plan includes an Accumulated Maximum Rollover Benefit. This rollover benefit allows you to roll over a certain dollar amount of your unused annual dental benefits for use in the future. There are limits and restrictions on this benefit. Refer to the Accumulated Dental Maximum Rollover brochure for further information.

Enhanced Dental Benefits
Enhanced Dental Benefits for certain dental care services are available for members who have been diagnosed with qualifying conditions. To learn more about specific conditions included in this benefit, review your plan description (and riders, if any) on MyBlue at **bluecrossma.org**.

If You Have to File a Claim
Network dentists will send claims directly to Blue Cross Blue Shield. All you have to do is show them your Dental Blue ID card. The payment will be sent directly to your dentist as long as the claims are received within one year of the completed service.

If you receive care from an out-of-network dentist, you will typically need to submit the claim yourself. Before submitting your claim, get an Attending Dentist's Statement form from Member Service.

After your dentist fills out the form, send it and your original itemized bills to Blue Cross Blue Shield of Massachusetts, P. O. Box 986030, Boston, MA 02298. All member-submitted claims must be submitted within two years of the date of service.

If you have a grievance, see your plan description for instructions on how to file a grievance.

Other Information
Coordination of benefits applies to plan members who are covered by another plan for health care expenses. Coordination of benefits ensures that payments from other insurance or health care plans do not exceed the total charges billed for covered services.

Your plan description has a subrogation clause, which means that Blue Cross Blue Shield can recover payments if a member has already been paid for the same claim by a third party.

DENTAL BLUE® ACCUMULATED MAXIMUM ROLLOVER

At Blue Cross Blue Shield of Massachusetts, we know that oral health is a critical part of overall health. That's why we offer a dental benefit that will allow you to roll over a portion of your unused dental benefits from year to year.

HOW MAXIMUM ROLLOVER WORKS

Beginning 60 days after the last day of your benefit period, your rollover amount will be added to your maximum benefit amount, increasing it for you to use that year and beyond (see below for amounts and maximums).

There is no cost to you. You don't need to do anything. To figure out the amount of benefit dollars that are eligible to roll over, just use the chart below. Start by searching for your benefit period maximum in the first column. If Blue Cross doesn't pay out more claims dollars on your behalf than the amount in the second column, your benefit maximum for the next year will increase by the amount in the third column.

And, your rollover amount keeps growing and is available for you to use as long as your employer offers this rollover benefit.* The last column will show you the total amount of additional benefit dollars you can earn. It's one more way we're working to improve health care for all our members.

You can accumulate benefit dollars to help offset higher out-of-pocket costs for complex procedures. This benefit applies to you automatically if:

- You receive at least one service during the benefit period
- You remain a member of the plan throughout the benefit period
- You don't exceed the claim payment threshold in the benefit period

If your dental plan's annual maximum benefit amount is:	And if your total claims don't exceed this amount for the benefit period:*	We'll roll over this amount for you to use next year and beyond:*	However, rollover totals will be capped at this amount:*
$500–$749	$200	$150	$500
$750–$999	$300	$200	$500
$1,000–$1,249	$500	$350	$1,000
$1,250–$1,499	$600	$450	$1,250
$1,500–$1,999	$700	$500	$1,250
$2,000–$2,499	$800	$600	$1,500
$2,500–$2,999	$900	$700	$1,500
$3,000 or more	$1,000	$750	$1,500

*This is not a flexible spending account (FSA). The amount reflects your benefit maximum for a given year.

A WHOLE NEW WAY TO DO PRIMARY CARE

Your Virtual Care Team is coming

If you've been looking for primary care that's convenient, thorough, engaging, and modern, we're on it. Starting next year, you can choose a virtual primary care provider (PCP) to lead your new Virtual Care Team.

PRIMARY CARE THAT'S A PRIME EXPERIENCE

It's a new kind of primary care — one that comes with a team of experts committed to getting you the care you need.

CONVENIENT

With virtual visits, there's no need to travel to the doctor's office and no waiting room.

COMPREHENSIVE

Your team is here to make sure your physical and mental health needs are met.

COORDINATED

If you need in-person care, a care coordinator will help find in-network specialists who work for you.

SIGN UP TODAY!

Log into your MyBlue account to get started.

Coverage details may vary. Please check your 2023 plan benefits for more information.

HERE'S HOW IT WORKS

START BY PICKING YOUR VIRTUAL PCP + **ENJOY MORE CONVENIENT CARE** + **GET THE BEST OF BOTH WORLDS**

To get started with your Virtual Care Team, the first step is selecting a virtual PCP. You'll also get access to a care coordinator, and your team may include other experts, such as a mental health specialist, picked based on your health needs. It's the care you need most, in the most convenient way.

Scheduling visits is as easy as hopping online, with appointments available in days, and you can get them within days, not weeks. Plus, you can reach out to your team with questions via talk, text, email, and chat. It's care that works on your terms, on your schedule, wherever you are, with a level of communication, technology, and access that will surprise you.

After your first visit, you'll receive a welcome kit which may include connected medical devices, like a blood pressure monitor, that make your virtual care as thorough as in-person sessions. When you do need in-person care, your team will help find a specialist who works for you and follow up with you after the appointment.
